CLEAN-UP MASTER

FRAME-BY-FRAME CLEAN-UP TOOLBAR FOR AE

THANK YOU!

Cleanup Master is the result of my 2 years of relentless search for a better cleanup workflow in After Effects and a bunch of breakthroughs along the way.

Although It's marketed as a cleanup tool, its features are incredibly useful for any shape layer work in After Effects.

I hope you enjoy using it!

Any questions, comments, or feedback?
Feel free to email me at help@gareso.com

COMPATIBILITY:

Cleanup Master is compatible with After Effects version CC2018 and later.

INSTALLATION:

The easiest way to install and license is by using the aescripts + aeplugins manager
To install a trial you can select 'Add Trial' from the 'Account' menu

To manually install, copy the file "Cleanup Master.jsxbin" to the following location:

macOS:

`/Applications/Adobe After Effects (version)/Script/ScriptUI Panels/`

Windows:

`C:\Program Files\Adobe\Adobe After Effects (version)\Support Files\Scripts\ScriptUI Panels\`

After installation, restart After Effects, if it was running, and find the script on the Window menu.
