Windows Installation Guide

Thanks for Downloading GridTrend Script created by **Ahmed Abdallah.**

The easiest way to install by using the **"aescripts + aeplugins manager"** If you would like to install manually, please follow the instructions below

Please follow below steps for installation:
1) Download the file and extract it in a desired folder.

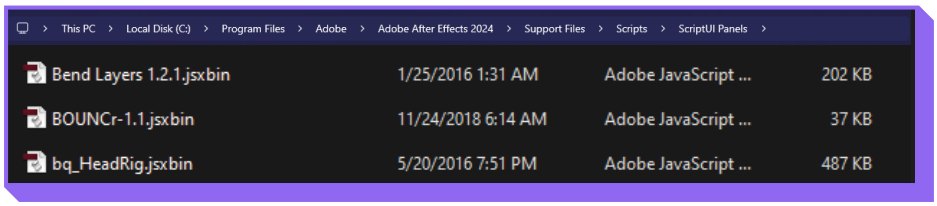

2) Locate the script folder and copy "GridTrend.jsxbin".
and any other script in same folder.

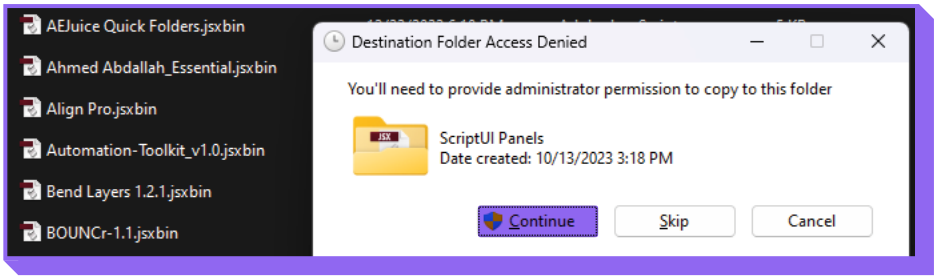

3) Locate your After Effects installation in :

- Win: Adobe After Effects CC\Support Files\Scripts\ScriptUI Panels
- MAC: Applications\Adobe After Effects CC\Scripts\ScriptUI Panels

OR: based on your installation location of After Effects.

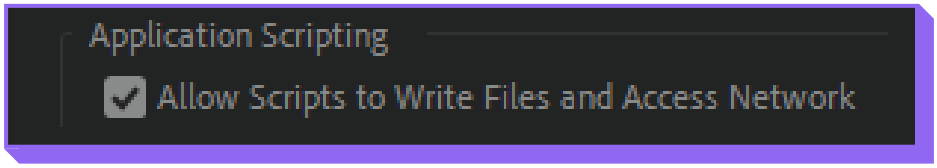

4) Paste script inside and if you see a popup just click on Continue.

5) Restart After Effects once (if open).
6) Open After Effects settings and check the following:

- Allow script read, write and access the network:
- Win : Edit-Preferences-Conventional
- MAC : After Effects CC-Preferences-Conventional

7) Open After Effects and open the project

- Locate Script in (Window > Scroll down > GridTrend.jsxbin)
