# INSTALLING THE SCRIPT

## 1 - Installation (recommended)

The easiest way to install and license is by using the aescripts + aeplugins manager
To install a trial you can select 'Add Trial' from the 'Account' menu

## 2 - Manual installation

Once it's been downloaded you just need to place the "inout.jsx" file into the ScriptUIPanels folder located here:

**Windows:** Program Files\Adobe\Adobe After Effects<version>\SupportFiles\Scripts

**Mac OS:** Applications/Adobe After Effects <version>/Scripts
