KEYFRAME PARENT

Installation instructions

The easiest way to install and license is by using the aescripts + aeplugins manager.
To install a trial you can select 'Add Trial' from the 'Account' menu.

For manual installation simply drag the Keyframe Parent.jsxbin file into the ScriptUI folder for After Effects.
On a Mac that can be found here: /Applications/Adobe After Effects 20xx/Scripts/ScriptUI Panels
On a PC it can be found here: Program Files/Adobe/Adobe After Effects 20xx/Scripts/ScriptUI Panels
