

# Installation Guide

### Option A - aescripts + aeplugins app manager

1. Install manager app, download it here: https://aescripts.com/learn/post/aescripts-aeplugins-manager-app
2. Open the manager app and log in with your aescripts.com credentials
3. Find STMapper under **My Products** and click **Install**.
4. Restart After Effects

### Option B — Manual Installation

1. Extract the downloaded .zip file

2.(Windows) Copy plugin .aex file either **x64** (most common) or **ARM64** to plug-ins folder:

```
C:\Program Files\Adobe\Common\Plug-ins\7.0\MediaCore\
```

3.(macOS) Copy STMapper.plugin to the plugins folder:

```
Applications/Adobe After Effects 2026/Plug-ins/
```

4. Restart After Effects

5. In After Effects, the STMapper plugin is found under Effect > Distort
